

BRIAN WELCH

FOR LEON COUNTY COMMISSION

Teacher. Father. Knows we deserve to be heard in order to have a better quality of life in Leon County.

A Chiles High School teacher who has never run for a political office, who **believes the County Commission should be the voice for the families of Leon County**, not the political insiders.

Knows we need to **protect Leon County water** and our environmental infrastructure.

Believes **folks here at home should be heard** before elected leaders make decisions on developments, not after.

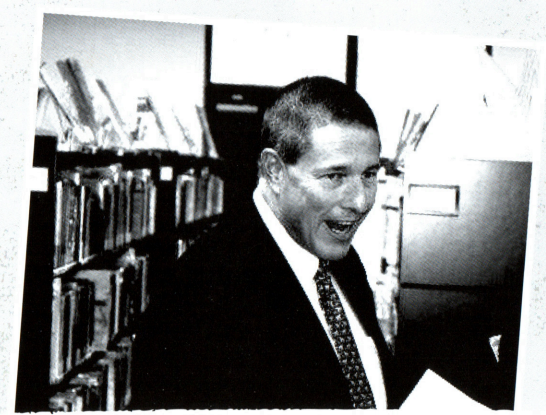

We need full transparency where **every citizen has a seat at the table** and whose voice is heard... no more "insider deals"!

BACKGROUND

CLEAN WATER

LISTENING TO LEON COUNTY FAMILIES

ETHICS AND CORRUPTION

BRYAN DESLOGE

Political insider. Thousands from connected developers. FBI investigations and indictments.

A County Commissioner for the last 14 years—it's been **pretty good for him, but not for us.**

Travelled to DC to stand with Trump as he took away clean water regulations and **put the Leon County water supply at risk.**²

Accepted thousands in donations from businesses and developers, **then cast votes to benefit them, instead of Leon County families.**¹

Desloge **raised thousands from developers at the center of the FBI investigation**, as well as those exposed for giving donations prior to controversial votes on their projects.¹

It seems like **Commissioners that work for us don't listen to us...** but they are eager to help out a few well-connected developers.

It's time for a change in Northeast Leon County."
